

Job Title:

Licensed Clinical Social Worker (Therapist/Provider); additional duties of Alternate ADAPT Program Manager and Outreach/Prevention, U.S. Air Force, Seymour Johnson AFB (O-4 billet)

Job Description:

Primary role will be to provide diagnosis, assessment and treatment for adult active duty population within the Mental Health Clinic. The AF prefers use of empirically validated treatment modalities; familiarity with the most recent treatment protocols for PTSD, anxiety and depression is preferred. Treatment Plans, High Risk documentation and Peer Reviews will be expected. Contact with Commanders is routine. The incumbent should be well-versed in the provision of assessment and treatment of adults in an adult outpatient setting and be fully independently licensed.

An additional role is Alternate Program Manager for Alcohol & Drug Abuse Prevention & Treatment. A strong familiarity of diagnosis, assessment and treatment of alcohol is needed; an awareness of drug addictions is preferred. Some program administration in the absence of the primary manager will be required but this is primarily a clinical role.

The final additional duty is assisting with Outreach/Prevention – this requires an ability to provide education/briefings on Mental Health or alcohol-related topics. These briefings rarely take more than 10 hours per month but in surge deployment times this might be the primary duty for 1-3 days.

The primary shift is daytime Monday through Friday but maintaining workload sometimes requires evening hours; there is also on-call expectation approximately once every three-five weeks. Assistance with Air Force-specific instructions/protocols will be given but a strong clinical base with adult mental health is necessary.

At minimum 51% of the officer's time will be in clinical mental health work.

Requirements:

License: A current, valid, unrestricted, registration or certification that allows for independent clinical social work practice in a U.S. State (as defined in 42 USC 201 (f)) is required. *Training:* The candidate must possess a qualifying Master's degree in Social Work that has been accredited by the Council on Social Work Education (CSWE).
Minimum 3 year commitment.

Location Description:

Seymour Johnson AFB, NC 27531
